## Corn \$3; Beans Are \$3 to \$4; Celery Up

The prices on vegetables in the Lake Okeechobee Region are at a level today where the grower can make a little money. The F. E. C. Railroad strike is adding additional costs to the vegetable producer when it comes to getting his merchandise to a railroad station that has trains operating.

Last week more than 400 carloads of vegetables originating on the eastern side of Lake Okeechobee were necessarily carted to Lake Harbor and Clewiston where they were shipped on the A. C. L. Railroad because of the F. E. C. Strike.

Beans of good quality are selling from \$3 to \$4 and corn is rather steady at the \$3 mark. Celery, according to size, is selling from \$1.75 per crate to \$2.75.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Hunting and fishing in Palm Beach County came under the eye of the county commission this week.

The hunters were considered in a discussion of a law which requires that the county commission issue permits for carrying pistols and repeating rifles.

Commissioner Edward Bandlow said he favored repeal of the present statute which he termed a measure which develops "two gun Poles." He said the present law requiring permits "penalizes the average citizen and does not prevent crime."

Other board members did not

share Bandlow's idea of repeal but they did favor a review of the present law by law enforcement agencies and enactment of a new law based on the enforcement officers' recommendations.

On the fishing side of the picture, the commission gave its endorsement to a proposed legislative act which would boost the cost of a fresh water fishing license to \$3. Under the act, \$1 from every license would be set aside for the development of fish management areas, development of new fishing areas and for the restoration of fishing waters that have ceased to be productive.

## Honor Spots Are Filled In Loop

The top three teams in the Suncoast Conference this winter almost monopolized the all-conference basketball squad of 10 as named by the 11 head coaches and announced at the league's annual spring meeting at Belle Glade Saturday.

Unbeaten pennant winner Forest Hill placed Harry Winkler, Terry Kimmel and Frank Sailer on the first team. Named with them for the best quintet are Rick Lee of Riviera Beach and Brian Murphy of Palm Beach. The second team includes Bob Duncan and Fred Tassin of Palm Beach, Craig Gruber of Riviera Beach, Alberto Morrell of sixth-place Pahokee and the loop's No. 2 scorer, senior Tom Close of 10th-place Belle Glade.

Morrell, a junior, ranked as No. 3 scorer behind Sailer and Close. Winkler was fourth, Lee sixth and Murphy 10th. Gruber was 12th. There were no honorable mention selections.

Spring football practice, a per-

ennial objective by several schools and always rejected, finally made the grade by a 6-3 vote. Belle Glade, Riviera Beach and Stuart opposed and Forest Hill and Clewiston abstained. Sanctioned are 15 consecutive school days maximum between May 6 and 24 and after all conference spring sports have ended. Only shorts and shoes may be employed.

Clewiston officially withdrew from the league effective May 31 after 13 years membership. No comments were evoked by the resignation letter from Principal James Brandon and the group quickly passed to other business.

Bob Maxson of Pahokee was chosen basketball "Coach of the Year" by a vote of the 11 coaches. A "straw vote" on a proposal by Principal Pellon Morris of Belle Glade to require each school to play all others only one basketball game during the season showed rejection 5-4 with Clewiston and Palm Beach again abstaining.

A principals' committee report calling for a 15-minute maximum on football halftimes band shows was approved. Offers for next year, who will be elected at the

next meeting June 8 in Ft. Pierce, were nominated. They include Morris, president; Principal Ned Garten of Dan McCarty, Ft. Pierce, vice-president, and four coaches for the three-man executive committee. They are Martin Gold of Riviera, Jeter Barker of Lake Worth, Bob Riggs of Forest Hill and Joe Ceravolo of Palm Beach.

**Flameless**  
is the **BIG DIFFERENCE**  
in **ELECTRIC COOKING**

"FLAMELESS" means CLEANER, COOLER, FASTER, SAFER. Good reasons why more than a million Florida families have "switched" to electric cooking. It's the only really modern way! No flame, no fumes, no constant-burning pilot light. No sooty, grimy by-products of combustion...so pots and pans keep shiny-bright...the whole kitchen stays cooler and "white-glove" clean. New super-speed surface and oven units shorten cooking time. Automatic controls let you cook meals to perfection without pot-watching.

## BEER IS A NATURAL

As natural as the wholesome grains and tangy hops from which it is brewed, beer is Florida's traditional beverage of moderation...light, sparkling, delicious.

And naturally, Florida's Brewing Industry is proud to be a major purchaser of Florida products and raw materials. For example, the Brewing Industry is responsible for millions of dollars paid annually to Florida farmers for pulpwood to be made into cardboard boxes and cartons. Millions more are spent for other Florida materials and services. In Florida, beer belongs...enjoy it.

*"Today we need a nation of Minute Men . . . .  
citizens who regard the preservation of freedom  
as a basic purpose of their daily life . . . ."*

**—JOHN FITZGERALD KENNEDY**

10 days after his inauguration  
as the 35th President of the  
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

### Candidates Many In Governor Race

WAUCHULA—Doyle E. Carlton, Jr., Wauchula rancher and former candidate for Governor, still cannot be discounted as a candidate for the job in Tallahassee in 1964.

Speculation on his candidacy has been renewed since Pensacola advertising man Pat Dodson sent new pictures of Carlton to the editorial offices of several Florida newspapers.

Carlton, who was defeated in 1960 by Gov. Farris Bryant, joked about the pictures when asked if they meant he was still considering running. He said he had become more gray and weather beaten and he wanted the newspapers to get rid of his old pictures.

Meanwhile, other possible candidates have been receiving some attention.

State Rep. Fred Karl of Daytona Beach has been touring the state and acting as if he wants to run for governor. A leader in the large-county group in the legislature, Karl is a friend of Carlton's as well as former Gov. LeRoy Collins.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{4}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{4}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $1\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

## Christian Science Group Of Canal Point

The deep, spiritual nature of real "Substance" will be the subject at Christian Science services this Sunday.

Bible readings will include these verses from I Corinthians (2:9, 10): "As it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God."

Other Scriptural selections will bring out what Christ Jesus taught about substance, and will be accompanied by this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 313): "Jesus of Nazareth was the most scientific man that ever trod the globe. He plunged beneath the material surface of things, and found the spiritual cause."
